WHY FASHION DESIGN?

The fashion industry is one of the most dynamic, diverse and growing business sectors in the world. In Spain, fashion is considered strategic in the national economy and in the last decade we have undoubtedly become a production and creative reference for the international markets.

YOUR FASHION SCHOOL

HAC.R has been training new talents for 20 years. We are pioneers and specialists in Fashion Design and the only authorized center in Aragon to teach the **OFFICIAL DEGREE IN FASHION**.

You will learn fashion from a less academic and much more practical perspective - connecting your skills to real **BUSINESS DEMANDS**. You will acquire the necessary skills for your own creativity and professional success.

Our fashion experts are **YOUR TEACHERS**, active professionals that will help you understand the entire creative and production process.

We believe that **EDUCATIONAL INNOVATION** is the path for successful students and for that reason we have adopted the EBI system. You will follow a personalized learning route that encourages individual research, problem-solving and critical thinking skills.

You will graduate in an **INTERNATIONAL ENVIRONMENT**, with the option to integrate Study Abroad courses in your education. We collaborate with prestigious schools in the UK, Italy and France.
